COMPUTER AIDED DRAFTING

This course is an introduction to Engineering and Architectural Drafting using a computer workstation. The course outline includes mechanical, electrical, and architectural skills necessary for positions as a Drafter, Designer, or Engineer. Completion of the program will enable the student to produce two-dimension or three-dimension drawings running the CAD program under Windows operating systems. Computer Aided Drafting program does not lead to positions in a profession, occupation, trade, or career field requiring licensure in this state

ADMISSION

The admission requirements for the Certificate programs are as follows.

1. An applicant must: a. Be a high school graduate, or b. Possess a General Education Development (GED) Diploma.
2. All applicants must complete an Enrollment Agreement.
3. All applicants must complete an admission interview.
4. All applicants must submit 2 professional references.
5. All applicants must complete financial arrangements prior to starting class.
6. The applicants must pass the Wonderlic entrance test with a score of 20 or more.

MISSION STATEMENT

The mission of Oxman College is to elevate the individual and collective skill levels of the trainees whom it serves in order for them to secure gainful, permanent, and long-term employment. It is committed to the pursuit of quality and excellence in human resource development by fostering relationships and consistently providing a level of service exceeding the expectations of our clients. Oxman College stresses the importance of not only going through the structured and systematic training but also of implementing what is learned.
